

URGENT UPDATE – AHC COVID19 PLAN

This letter is in direct response to Gov. Baker's most recent press conference. We wanted to get our plan out to our patients as soon as we knew it. While this is obviously an evolving situation, it is our intention as a health care facility to remain open, but with significantly reduced hours.

Gov. Baker has asked all non-essential businesses to close and when possible to "stay home and limit all unnecessary activities."

In response to Gov. Baker's advisory, Dr. Brian and Dr. Chris will see patients

Monday mornings from 9a – 1p and Thursday afternoons from 3p – 7p

This plan will stay in effect through April 7, which is the earliest that Gov. Baker will allow non-essential businesses to re-open as of right now. We are currently working through the schedule removing anyone with an appt between March 25 and April 7. If you have an appointment after April 7, at this point, this plan will not affect your scheduled appointment.

This is our hope for the next two weeks or potentially longer if Gov. Baker extends the advisory.

If you need an appointment during those patient hours, please call the office at 508-384-0944 and leave a message. The doctors will be checking voicemail on a regular basis and will return your call to schedule you. We are trying to provide care to patients that have acute discomfort. We are asking if you think you could forego a visit to our office during this two week advisory and come when normalcy has returned, it would be appreciated.

As always, know we will do our best to get any patient in need of care scheduled during our modified patient hours and when you arrive we will get you in and out of our office with the utmost efficiency to maintain social distancing.

We apologize in advance for any confusion that comes of this during the next couple of weeks and we will do our best to update through as many platforms as we can. Please know that we are here for both your chiropractic care and for any questions you might have during this time. We might not know the answer but we will do our best to find you one. We appreciate your understanding and look forward to seeing all of you very soon.

Above all, please stay healthy and safe.

In Health,
Brian, Diane, Chris & Rebecca
